<https://www.youtube.com/watch?v=9HY3IVStIJc>

0:00

[Tarrío]: We are we are live now let me, um...

[Bertino]: Live... from new york,

0:07

it's the brown faggot show.

[Tarrío]: Hold on i gotta i gotta fucking ...

0:13

my telegram's not working so I have to email shit to myself.

[Bertino]: Why is your telegram not working?

[Tarrío]: On my

0:19

Desktop, I don't know why.

[Bertino]: You gotta update it.

[Biggs]: Feds. It's Danny Mack.

0:26

[Tarrío]: Danny Maggots coming in ...

[crosstalk]

0:34

[Bertino]: Don't lock me out of this app.

0:40

[Tarrío]: No not open link, fuck.

0:46

[Bertino]: Did you lock the chat down?

[Tarrío]: Yeah, it's locked.

0:52

Like you guys can...

[Bertino]: They're asking live where.

1:00

[Biggs]: Okay here we go.

[Tarrío]: Okay I don't know if you guys, can you guys see the comments on

1:05

the, on your right hand side?

[Bertino]: Nope, if I escape out of full screen, I would be able to but, uh... let me see.

1:12

[Tarrío]: It should be, yeah.

[Aaron]: I can, I just don't see any yet.

[Bertino]: I don't see any yet.

[Tarrío]: Yeah go ahead and uh, flash... wait, wave

1:18

your arms there. You're ready, okay.

[Biggs]: We only have one viewer

1:25

[Tarrop]: Yeah, that's fine. I'm guessing let's give them some time.

1:30

Like that, we can we can use this as an archive.

[Bertino]: Okay did you, um, did you put the link in

1:37

there yet?

[Tarrío]: Uh yeah, I put it up. It's pinned. Okay, so we have one in the waiting room which is

1:43

uh, Mr Dick Schweitz

[Bertino]: Schwitz, what up Dick Schwitz? Dude I

1:49

always thought his name was Dick Sweets.

[Tarrío]: No there, there's a Dick Sweets.

[Bertino]: There is

1:54

a Dick Sweets?

[Tarrío]: Yes.

[Bertino]: Well there's a there's a dick tits too. And that was kind of ... yeah, I was all confused.

2:01

Dick Tats, Dick Sweets, Dick Sweats...

[Yut]: He doesn't need to go to DC.

2:06

[Tarrío]: Now can you guys see the comments on the right side?

[Bertino]: Yeah. Okay, if you, you see the private

2:12

chat, just click on the little comments thing, you should be able to see it.

[Tarrío]: Okay.

2:18

[Bertino]: What's up Kenny?

[Tarrío]: Okay and Mr Paul Ray is in here too, and we got Jeffy.

[Bertino]: Wait, why, why is

2:25

Dick Sweets coming up in the private chat?

[Tarrío]: Because because he's probably typing in the youtube and switching back over.

2:32

[Bertino]: Oh...

[Tarrío]: Oh, you mean in the private chat here? Yeah, because he's, he's in studio so,

2:38

anybody that's in studio can type in that private chat. But in the comments section you're able to see like what people are

2:44

are typing as we go. Someone is trying to enter your studio, but it is full, so the studio is completely full

2:50

gentlemen so we cannot, um, allow anybody else in,

2:55

and somebody by the name of Kun Ass is in the studio too.

[Bertino]: Yeah, Brian, Brian,

3:01

you're right there. Hey Brian Hillian, that's exactly what we're gonna do.

[Tarrío]: All right,

3:06

all right, so um, we got 13 in here, let's let's see if we could

3:12

get to 15, because we have not only 13 up there, but we have one, two, three,

3:18

four - four in studio.

[Bertino]: Okay, let's wait for everybody else to join up.

3:23

New comments. Somebody's gotta drop the "N". Was that one

3:28

for Enrique?

[Tarrio]: So just so you guys know, the guys that are trying to get in right now, um,

3:36

we could only take 10 people in here at a time and then there's six,

3:41

which is part of the leadership and the rest are guests. So if you're just watching you could go ahead and comment on the site. I'll read

3:47

out some comments, I'll even put them on the screen, like I could go here and I could go good

3:52

to see you Jeremy, God bless brother. Um, so I can put your comments on the screen and we could answer questions at that point and then

3:59

we'll start bringing after the initial explanation then we'll go ahead and uh,

4:06

and start bringing people in for questions. So Yut, um, we're at 17 that's the threshold,

4:13

I'm going to be looking at comments. Yut, if you want to start with um, how we're structured and then I'll

4:19

comment a little bit, and then I'll open the floor for any of us six to comment.

[Yut]: All right gentlemen,

4:27

so, um we completed a list of how we're structured on Saturday, December 26th,

4:33

right? Basically, this specific chapter is going to have a code of conduct stricter than other

4:40

chapters when it comes to these national public events. For one, the biggest one is no

4:47

intoxication. So if you want to be a part of this and want to

4:52

be boots on ground to help with the security, and help with this chapter, you know if you have like a beer or two

4:57

that's fine, but if you are noticeably stoned or drunk or geeked up then you're

5:03

going to get the boot. Number two is opsec. Do not release this information - any of it to any other chat.

5:12

No forwarding, no screenshots. Number three, no social media posting.

5:18

Like, don't, don't mention that there's an MOSD. Don't mention anything like that. And

5:24

this, all three of those are zero tolerance. You'll get kicked out of the chapter if you violate any of those uh three

5:30

code of conduct rules. To go over the mission statement, the mission statement is to organize and

5:36

standardize public events nationally. Um, and then you know once we start getting

5:42

a good track record, hopefully guys will follow in suit and they see we're doing the right thing,

5:48

we're bringing in guys that we trust in here, so all of you that are in here just to let you know, like we have our eye on you

5:56

and we trust you guys and expect you guys to behave properly and be a good molding

6:02

cement for this chapter. Um, we're also going to implement a zero

6:08

tolerance rule for insubordination, with one of the admins, a.k.a. either one of

6:13

the directors or one of the regional commanders like myself,

6:19

Aaron, Bertino and uh,

[Tarrio]: Matteo.

6:26

[Yut]: Matteo, and um Zach ... If we decide that you're not

6:33

a good fit, we don't have to explain to you or anything like that, we'll just kick you out of the chapter.

6:39

That doesn't mean you're disavowed nationally. That just means you're out of this chapter.

6:45

Um, and then lesser offenses, you know, we'll, we'll hold a Sharia if

6:50

you have a good case to why you did what you did, and then somebody says oh no, you need to uh, you need to get the boot out of the

6:57

chapter, then we'll hold a Sharia court. Ah, that's all I got. Enrique, so I'll turn

7:03

the floor back over to you.

[Tarrio]: Okay so let me I'm gonna break those down a little bit. So number one, um...

7:11

opsec, obviously as you guys know like don't fucking share screenshots that's pretty fucking

7:16

basic, I don't have to go over that. Um as far as like people know that this exists

7:22

um, so the the statement is we need a way to do rallies better. We

7:28

fucked up on the 12th. I'm not going to say that we fucked up royally because a lot of good things happened on the 12th,  
right except... uh whatever Jeremy's in

7:36

here fuck that dude. But but there is there is things that we need to fix and it wasn't because of the  
7:43

12th, it's because moving forward we can't continue to have that issue. It will bury

7:48

the entire club if one huge incident happens um and we're at fault. I saw a lot of people

7:54

going on the offense. We're not used to going on the offense, that's why it's called self-defense. Self-defense should always

8:01

come first you should always defend yourself we shouldn't put ourselves in harm's way. Right, we've been known to defend people.

8:08

I get it, right, but it doesn't mean that we have to go out and look for it. Um, touching on the subject, what was the

8:15

second thing... uh Yut?

[Yut]: Um... the either the social media posting

8:23

or the zero tolerance.

[Tarrio]: yeah well yeah we, we had, we had gone over the - I went over that...

8:29

[Yut]: Yeah the no intoxication.

[Tarrio]: No intoxication thing - it just it just applies to the rallies, right. You guys could get as trashed as you

8:36

want after the rally or before the rally. Not right before the rally, but don't get trashed i saw a lot of people fucking

8:42

drinking a lot of people fucking fighting okay, I had to fucking slap somebody, uh

8:47

at that fucking event because they were trying to push the entire crowd in one direction and I'm trying to fucking

push the crowd in another direction...

8:54

Um now that goes with the whole thing, I don't want this - this isn't a folk thing. This isn't a fucking

8:59

uh a thing where it's gonna be a fucking super militant fucking thing but we do need to organize better

9:05

in order to do that we need a top-down structure. Right there is six people involved at the top

9:11

level of this... uh i don't think i use the word marketing correctly, I think that's gonna have to be renamed

9:18

but there's three people that are in charge with how we are perceived and what messages to be

9:24

put out, okay, and those people will talk to them three, amongst them three and

9:30

amongst the other three which are the operation guys, uh, to see what what messages we're going

9:36

to be putting out. So I'll give you the prime example - yesterday we had a little voice chat and we said

9:42

well, what we should do is scare the shit out of them and tell them that we're going to be dressed in black,

9:47

and it worked - it made headlines right because we're not going to have a lot of guys on the ground this time,

9:53

right, we're not going to have a thousand proud boys on the ground, so we need to appear bigger than what

we are so... um that's why we decided to go

10:00

with that now. The next three are the sets of the, the set of operations which is just

10:06

being able to put these things together and put it together in a cohesive fashion, right. Um

10:13

both groups are kind of interchangeable, because I'm guessing like if there's a special message that is

10:19

recommended to be put out then we'll go ahead and we'll put it out. If there's something that we want to

do

10:24

where whether it's to move in one direction or move in another, it's up to the operations to go ahead and make that happen,

10:31

right - and then we, we structured it by regions, so there's also going to be under that, there's going to be eight

10:36

people tasked with with their specific region. So if we go to Portland, there's going to be somebody that's

10:42

going to be there local. We're always going to depend on the local chapter, uh, and always contact

10:48

local chapters, local Proud Boys chapter, uh before we go somewhere. In DC

10:53

we'll have somebody that's representative of that fucking... that region because you guys talk to

10:58

each other. You guys, you East Coast guys have pretty much a communications network, so it's easier for you guys to communicate,

11:05

just like it's easier for the West Coast guys to communicate, but we need that top-down structure in order to get what we need to get done.

I'll

11:13

address the whole fucking Brian James thing today. Uh, the chats are not a place for you

11:18

guys to fucking fight, right. It's not a place to fucking argue, it's a place to be for it to be uh, something productive, you

11:26

know, you could do constructive criticism, you could fucking criticize uh me, or, or the "Hated One" [Biggs] over here on

11:34

my side, over here that takes a lot of heat for shit that he's not even responsible for - for

11:39

shit that he doesn't fucking even do, right? Um so... you do that,

11:46

I'm not saying that you can't do that, this isn't like one of those things that we're gonna fucking burn you because of it - it's just, let's be constructive in there.

11:53

Also there will be, uh, we're going to start turning off that chat for long periods of time and then

11:58

turning it on so you guys can discuss things, but that chat is not a place to chatter. If you guys want to talk to the guys go

12:04

to the Proud Boys main, talk shit there. Um, but the way that these national rallies are

12:10

going to be conducted is - my, like - our dream of this is that

12:15

we have you know, 400, 500 members, and we say hey we're going to go to fucking DC, we're going to go to Austin,

12:22

uh... I know that uh, Rufio had just briefly mentioned today that we should go to Montgomery, Alabama and

12:27

do the SPLC thing. This is where... this is where we come into play and we

12:32

as that chapter fucking go ahead and do that plan that we put that together. You have to have a home chapter, right?

12:39

This isn't this isn't like something that you could join without having a home chapter. You have to be a Proud Boy,

so the 75 or the 74 of you that are in

12:47

this chat have been hand-picked because you ... we're used to dealing with you, or we see that you have like some type

12:53

of throttle control...

[Bertino]: except for Dick Sweets...

[Tarrio]: Except for Dick Sweets,

12:58

um yeah, he has no throttle control, but we love him, we're keeping him here, yeah you know uh...

So ... and it's not

13:06

"Dick Sweets" it's "Stick Sweat".

[Bertino]: I know, I just want to get you to say "Dick Sweets".

[Tarrio]: All right so that'll be a clip there

13:11

that you guys can play. Um, so we just we just we trust you guys

13:16

right we trust you guys to do the right thing that your throttle control is going to be there - that you're not you're not going to just

13:22

run in and think you're a fucking hero - because we're not heroes. Okay. People may perceive that we're

13:27

heroes, but in all actuality I've said this a whole bunch of times we're a bunch of fucking retards

13:33

that get pointed in the correct direction, and we've... we've, we've kind of lucked - this whole thing

13:38

has been kind of luck, and, and kind of charm, because we're some charming handsome motherfuckers too.

13:44

We get away with a lot of thing because we're fucking some sexy ass motherfuckers.

[Bertino]: We're silent big dick ninjas.

[Tarrio]: Exactly. So

13:51

um, I don't know if you guys want to touch up on anything... Yut did I miss anything there?

13:57

[Yut]: No, not on that.

[Tarrio]: Okay.

[Blackbeard]: All right hold on, one second, about the

14:03

uh, about the drinking...

14:08

you do whatever the fuck you want, but if the operations don't stop at night, it doesn't mean once the rally's

over, if

14:15

we're still going to be operating later in the night, that doesn't mean go back to your hotel room and get fucking shit-faced and then come

14:22

back out onto the street, and want to roll with formations, and you can't even fucking keep your your ass walking

in a straight line...

14:29

Don't be a drunken sloppy asshole. That's basically...

[Tarrio]: That's actually a really good fucking point yeah, it doesn't mean like, we're there...

14:36

When we're somewhere it's dangerous wherever we go, uh, and to kind of piggyback, Johnny are

14:41

you done? Because I'm gonna piggyback off of that really quick.

[Blackbeard]: Yeah for now

14:47

Um... another thing on this specific rally we are not wearing, uh, our traditional black and yellow Fred

14:53

Perry. Uh, we're gonna go a little bit more incognito, put some fear in them, uh, it's worked out but that's not always

14:59

going to be the case. If the local chapter says, yeah hey, you know what you could fucking wear Perry's we don't

give a fuck, then we're going to go in Perry's.

15:06

So, um, okay anybody else?

15:12

Biggs? Zach?

[Zach Rehl]: Yeah, yeah, um I just want to kind of like reiterate, I...

15:18

I kind of missed the first couple of minutes, um just trying to get into this in this group thing and everything, but

15:24

I know a lot of people in here were well aware of some of the comm failures and everything that

15:30

happened in the last DC chat. Well not the last ... the last DC event, mainly due to

15:35

um, you know, not knowing who, yeah you know, who was who was running it

15:41

and who was organizing, and there was like two or three different uh

15:46

you know, comms groups, and uh you know they're all everybody was

15:51

doing their own thing. And I just want to just let everybody know, like like one of the reasons why

15:56

we're doing this is that why we were actually at one with one cohesive unit on that and everything, and um you know

16:03

we... we're gonna definitely be on the same page as far as uh comms at this point, in the future. And uh,

16:11

if there's that, if there's, if there's any questions as far as like who you

16:17

need to go to, there's gonna actually be somebody that you you know you can actually you have to go to, so

16:22

um... that's all I have to add. Like the comms thing, really, last time really bothering me because you know setting up

fucking units and

16:29

fucking I found out there was two more communists so um, we're one fucking organization - we're

16:35

gonna be one unit and that's... that's that's how it's gonna be. So I'm out on that one.

[Tarrio]: Okay uh, I wanna touch on that really

16:42

quick. Um, so I gave you guys uh, the breakdown of structure on the top level

16:48

uh, when we get on the ground, and in this case on Tuesday night we're gonna have your typical security, uh your security brief that we

16:54

always do, uh... the time and the place is to be set

16:59

but... uh we're gonna break you down into like fucking smaller squads of 10 right, as I'm... as I'm as I remember, 10... 10

17:07

man squad?

[Blackbeard]: 10 was correct.

[Tarrio]: We're gonna break you guys down into ten man squads and you guys are gonna, you guys are gonna be for

17:12

the most part, we're gonna stay together, but you guys are gonna make sure that you guys - you ten guys - are always

17:18

together. Um, I don't think as a massive group we should be using markers,

17:24

identifying markers, right, because those identifying markers are counterproductive to what we're trying to do on

17:30

at this particular time, right? So you're going to familiarize yourself that night with those 10 people, and those 10 people

17:35

you're going to roll with together. As of right now, the plans for the sixth is just to remain as nucleus,

17:41

um, so, I'll uh, I'll give the floor to whoever wants it.

[Yut]: All right so with the

17:48

10 squad, the reason we're picking 10 instead of others is you can count the 10 on your two hands,

17:55

so if you're that squad leader, ... you can't, you only count nine, you're fucked up.

18:01

Um, and... but even with the big nucleus - roll as a nucleus,

18:06

I suggest, Enrique, that we still put it into 10 man squad, that way we have full 100% accountability, so everybody goes

18:13

missing.

[Tarrio]: Definitely. Definitely - that's what I said. Even though we're staying together as a squad, we're still going to split up into

18:18

those 10 groups.

[Yut]: Gotcha.

[Bertino]: So somebody just posed the question, what exactly is our goal for DC?

18:25

Should it be discussed in person, or are we going over it here?

[Tarrio]: Uh, I will go over that a little bit later. I want to discuss the structure of

18:31

this thing and how it works, um and then we'll start moving - I know, I know that we've discussed a little bit of things for DC,

18:38

but I'm just using it as an example.

[Bertino]: Gotcha

[Tarrio]: Um, uh... okay floors open.

18:44

[Biggs]: All right, do we ever do we want to cover that uh... the phone list too? Remember to have uh, people to call or

18:50

contact in case something happens.

[Tarrio]: Yeah, um so uh, what Biggs had said and

18:56

what we decided on is that we're gonna have, uh like some type of emergency contact for you guys.

19:01

Uh... I'll make a forum for that and I'll put that in the chat, and uh... that is gonna be mandatory for you guys to fill

19:07

out. Um, you don't have to put a name - you don't have to put anything just give us some type of contact information for

19:13

somebody, uh because uh, there was a there was a lot of times that, uh it was difficult for me to figure out

19:20

who was in, who was out, and how do we contact their loved ones.

19:26

[Bertino]: Yeah, like for example with me, luckily, you know there was some somehow the communication got there but

19:31

you know, when I got sent to the hospital nobody knew how to, you know, who to contact for me if i would have,

you know, conked out in the

19:37

ambulance right there... you know never got to contact anybody. So that's really important that everyone gets a

list of each other's

19:44

loved ones, and I hate to say even use this term, but next of kin,

19:50

you know, what I mean like somebody that we need to notify if something does happen to you.

[Biggs]: And just say,

19:55

like, you know emergency contact one, two, three or four. You don't have to say this is my mom, my girlfriend,

my wife, whatever...

20:00

the fuck, uh you know just something like that so we know that we have someone we can contact

20:06

if something happens, so we can, you know, cover all ends, because the last thing we want is for someone to find out about

20:12

one of us getting hurt in the news and not by one of our own. So we want to be able to nip that in the bud.

20:17

[Zach Rehl]: Um yeah, a lot of the guys in these operations right here are military guys

20:23

and everything, and you know like it's one of the first things that we're thinking about when it comes to that kind of shit, so we want to make sure

20:29

everybody actually is like, you know, protective and uh, we have somebody who can contact - that's all.

20:35

[Biggs]: And another thing too we'll talk about in the future is medical kits and stuff like, that like, you said we're not really going to discuss a plan for that

20:40

yet, but it's something in the future that we will discuss. That way we have some kind of organization as to what

20:47

we're carrying away. If someone goes down and gets hurt, we have to use their supplies and then maybe another person beside you lost

20:53

theirs, we can reach into any individual first aid kit and have whatever it is we need to reach in and

20:59

grab to make sure that we can save that person's life, or at least do the best we can until first

21:04

responders get there.

[Bertino]: Yeah my IFAK that I was carrying on me that I always have saved my fucking ass that night...

21:10

somebody put the uh, the, the chest uh, it was a chest vent on me, and saved me... so yeah,

21:16

carry and IFAK if you don't fucking have one.

[Blackbeard]: Finally I want to get back on topic on

21:22

uh, on what Yut was saying about splitting off into 10 man groups. There's been a lot of questions over the last few days

21:28

about what are we doing to stop this rando from running off to rock a piss by

21:34

himself, um, we're not doing anything. Because the expectation is you're not going to be that dumb.

21:40

You have 10 guys that you're going to be with. If you go to piss by yourself, um, one of the people you see on your

21:48

screen is going to be having a conversation with you when we find out about it. Um, you shouldn't be doing dumb shit like

21:53

that. 10 guys go to piss - 10, 10 of you. Let somebody else know

21:59

so that the rest of the formation doesn't move out. Comms will be in place but that that sort of low IQ bullshit in

22:05

a hot zone should never happen with this group. Um, if we were gonna have that kind of shut then we're

wasting our time. We could

22:12

just go back and do the regular rally thing we already have that on lock. So turn your brains off a little

22:17

bit, uh, on trying to figure out what the big picture is and, uh, follow the 10 guys that you're

22:25

with. You're going to have a leader of those 10 guys. So handle it that way and make sure

22:30

you're, you're tight. Yeah, so I saw somebody in the chat say that in reference to the alcohol

22:37

that they saw somebody fallen down drunk. Um, don't be that fucking guy.

22:43

That's all I'll say.

[Tarrio]: Yeah, um, and to touch on something that you just said, Johnny,

22:48

and there was a question about it, he says we need a dedicated communications guy - we will have a dedicated communications guy,

22:54

and with that being, said it's easier to run communications if um, it's easier to run communications

23:03

if while we grow this group bigger and bigger - right now

23:08

it's only 75 guys, right, um... but we're going to continue to

23:13

grow, we're going to continue, and you know at some point we're going to have you know, what fucking

75 guys

23:19

uh, 750 guys, a thousand guys, whatever the fuck it is, um but we're gonna gradually grow it

23:24

because that's the only way we're gonna do this. If we just slam it and put a thousand guys in there, it's gonna fuck us up. So, um the

23:31

communications guy is really important for that, because he needs to adapt to the size of the group and how we communicate. But yes, there

23:37

will be a dedicated communications guy when it comes to that.

[Biggs]: We also have a question in here, in the private part, it

23:43

says "have a few guys in, some feeling and want to stick with me but are not in this chapter, they know not to wear colors, but want to hang

23:50

around the chapter. How do we address that moving forward?"

[Tarrio]: Uh okay, so that's a simple

23:55

answer, uh, the sixth is a very unique situation because we have lots of Proud Boy groups that are coming.

24:00

You could decide - and I put this in the chat - you can decide if you want to be with your chapter or not, but you

24:07

either decide to be with us, or you decide to be with your chapter. And this = and there's no there's nothing that's

24:12

going to fuck you up, uh, from doing that. Like we're not going to be like, oh, fuck this guy, he doesn't like

24:17

our chapter. That's fine. You can go with your chapter right, um, we want to... we're using this as

24:24

a training exercise, so we could stay as one fucking unit, right. Later on in the future it's going

24:29

to become more and more unpopular, right, to come to these things without being part of this chapter, at a

24:34

national level. Obviously, at a local level you guys can do whatever the fuck you want but, um, again I reiterate, like we need to

24:41

do national events a lot better than what we've, we've been doing in the past. Obviously

24:46

I am going to say that we have done a very good job in the past - I'm not negating that we've, we've fucked shit up

24:52

most of the time, but I do see problems arising with events like December 12th. Floor's open.

[Blackbeard]: One last thing here... the, the,

25:01

the big thing, the biggest thing that I'm trying to drive home with all of this that I'm saying is um, the difference between this and

25:09

December 12th, is there will be accountability with this group. If you fuck something up in

25:14

here, you're going to know about it, you fuck something up beyond repair in here, you're not going to be in here anymore.

25:20

That's the main difference. A lot of guys are saying, well, how do we stop this, this retard shit from happening, or how

25:25

do we start, or how do we stop this asshole from doing this. It's very simple, um, this is not like

25:31

other things. You'll be held to account for the shit that you do in here, the things that you say, the way you behave, and the way you

25:37

conduct yourself in public. It... that's just how it's going to be.

25:42

[Yut]: Yeah, all right, so Enrique, you can, if you could answer this

25:48

question from Kenny: Is this chapter a leadership position nationwide?

25:53

[Tarrío]: Um... I, I kind of know what he's trying to say with it. This is the way that this works and the

25:59  
way that we approve this - because what I didn't want to do is I didn't want this operation that

26:05  
we're doing to fuck with the structure of of anything else. So the only way that we're able to do it

26:11  
is create its own autonomous chapter. So think about it like this = it just doesn't have a home, but think about it like this:

26:17

pretend all of us live in the same place. It has the same exact structure as your normal chapter would have

26:23

from the top up right, um, and you there's consequences for what

26:28

you do in your chapter. There's consequences for what you do in this chapter. Um, so that was the only way to kind of

26:35

kind of bridge that divide. But no as a matter of fact, this is just this works as any other chapter, and this

26:42

chapter is very unique in the sense that it does not have a vote at the national level for

26:48

anything. So there's no representative that represents this chapter and can put,

26:55

and can make a vote to change anything else in the organization.

27:01

[Bertino]: Yes you have to get your seconds again with our penises.

[Zach Rehl]: Yeah and you gotta you gotta go through the gauntlet.

27:08

[Blackbeard]: I was just gonna say, these motherfuckers aren't ready for the pizza.

27:14

[Tarrío]: uh, get out of here you guys.

[cross-talk]

[Bertino]: My gauntlet's better than your gauntlet.

[Blackbeard]: We'll be pissing blood, I

27:20

promise you.

[Yut]: All right here's one from "jhempst4":

27:28

I think we need two forms of comms just in case we have issues. Well yeah that's definitely going to be

27:35

something that we do, but as of now since we're still small...

[Zach Rehl]: I think we're trying to get everybody pointed in the same direction

27:42

[Yut]: Yeah, we want to find one dedicated guy to get everybody on the same page.

[Zach Rehl]: Right, and we have, actually we do

27:49

have some guys who are like extremely skilled with comms and everything, um, we just, we just got to get everybody on

27:54

the same page with the comms. You know, last time it was, like I said, it was a shit-show before we had multiple

27:59

different groups doing comms, and uh, you know, look, you know we we're gonna find

28:04

our top guy to be able to, you know, put the comm together. We're gonna have like a one unit thing at least,

for different levels of uh, what we're trying

28:11

to do and everything here, and, and it's gonna be cohesive and it's gonna be on the same page and it's going to

be well known

28:16

and executed so that's, that's... that's the plan. And that's where we're trying to go with that.

28:23

[Blackbeard]: No confusion.

[Aaron]: Yeah and so, just kind of to clarify and summarize everything, um of

28:29

exactly what this is so far, um, so basically you know we all saw what happened, you know, on the 12th in DC.

We were really

28:35

disorganized and there was a lot of problems that kind of came from that disorganization.

28:40

Um, so I think there's a little bit of confusion about how this is, you know, structured, um, so basically in a

28:48

nutshell, um, each rally needs to have a strategic objective. You know, we don't just show up somewhere

28:53

just for no reason, you know. When we do a public event we're going into the public space, we have a goal in mind.

29:00

Um, that's what the marketing team is starting out with. The marketing team is going to start with a strategic

29:05

objective that they want the Proud Boys to accomplish - whether it's political, or, or, something like the SPLC

thing - that's

29:11

a great example - what logistics team does, the operations is, we basically just figure out how to get

29:19

that done safely and get everybody home in one piece. Um, so we basically just support the marketing  
29:24

team. And that's kind of how we - that's the reason why we use that that nomenclature for how we structure it.

Um another big

29:32

thing of this is, you know, with a thousand Proud Boys in DC, you know we were together sometimes,  
29:39

we're all over the places sometimes, but there was no way to control, you know, um there's no control over that.

29:46

So hopefully with this, with this new structure in place, we'll be able to do is it'll give us like the freedom and

29:52

flexibility to break off into modular elements where you can have smaller teams

29:57

that can maybe go two blocks over without everybody just following you know, you know, the guys and now you

30:04

have 700 guys going, you know, two blocks over, just because they see the guy next to him moving. You know now

we'll have a little bit more

30:10

control where we can send elements in different directions and different places to do different things and not necessarily in

30:16

an offensive manner, but just generally speaking, so we can have that that kind of

30:21

control. Um, and that's basically, that's kind of basically it in a nutshell. Like

30:27

comms, um, reconnaissance, reconnaissance is going to be a big one. That's, that's one of my big things

30:33

is effective recon teams, um, that work hand-in-hand with you know the

30:38

communications elements. All that stuff has got to be tight and it's going to be tight, um, so that's that's on our list

30:45

to hammer that shit out, um, and get all that granular stuff figured

30:50

out. But first we just want to get everybody on the same page, pointed in the same direction,

30:55

so that we're not all over the place and you know, making a mess of - making a mess of things. That's it.

31:03

[Blackbeard]: That's a, that's a good point, Aaron. Um, another question I saw today was, uh, there's... there was some

31:09

concern about who directions were coming from, and they could come from any single person that you see on

31:16

your screen right now as well as uh, about seven or eight more people that you don't see yet because they're

31:23

not obviously on the screen. But the one thing that everyone has to understand is, yes,

31:28

you might be getting told things from different people, but it's all information from the same plan.

Biggs isn't going to tell you

31:35

something different than I'm going to tell you. Enrique isn't going to tell you something different than Zach

is going to tell you. It's all one operational plan, so don't

31:42

get hung up on, on the delivery. The information is all the same.

31:49

[Tarrio]: Amen. Next up, any other questions you guys see

31:57

or anything else that you want to address?

[Yut]: Yeah, I'll address something. Um, this is

32:03

something that we all need to talk about, but the escalation of force - obviously where the ministry is

32:08

self-defense, so escalation of force isn't going to be to go out and attack, um, it's going to be

32:16

more of like a bodyguard system. So obviously we'll be around

32:21

the marketing team, a.k.a. the dudes that get

32:26

all the press and stuff like that, and basically be a bodyguard service for the mission that they're trying to

32:32

accomplish. But that being said, there's also going to be smaller teams that go out and do things

32:38

like recon and quick reaction force in case somebody gets jammed up in a bind, and also to provide

32:45

information back to that main element. So as of now, I think we all agree on

32:50

this with the escalation of force - it's in strictly a defensive mode.

32:57

Um, unless the threat is so imminent that you believe that your life is in danger. What do you

33:04

think?

[Tarrio]: Yeah, I mean, every situation calls for something different. You know, like

33:10

we're, I think uh, on the verbal sense in the, in the media

33:17

sense, me and Biggs has got it on lock where we know exactly what we're gonna say that'll piss off the media.

33:23

Uh, and you can translate that to on the grounds. Now I'm not saying, now I'm not saying to

33:29

go ahead and fucking talk shit - go ahead and talk shit as long as it, you know, keep it fucking professional but

33:35

we're never gonna be the ones to cross the police barrier or cross something in order to get to somebody.

33:41

We're always going to be the one standing back, right, um, and we're always going to be the ones to fucking defend and we've

33:46

been really good at it. We've been - let's be honest - we've been really good at that, um,

33:52

but what I saw on Saturday was like a fucking pool of fucking unchained pit bulls

33:58

just running into every situation, right. If we don't run into the situation

34:03

and we just chill, we'll be there. We're... dude, there was enough of us to take...

34:09

listen, there was enough of us to fucking go ahead and do whatever we wanted to do in DC.

34:14

Nobody was going to be able to stop it.

[Bertino]: Not the cop, not nobody would...

[Tarrío]: Yeah, you know, so just, granted by that fact, we

34:22

need to chill, we need to relax. Um, we need to get our... all of our guys home,

34:27

right, and one thing that we don't - we're talking about a lot of serious shit right here - but one thing that we can't forget is to have

34:33

fun, right? To enjoy ourselves out there, enjoy the boys, get fucking hammered, get trashed, um...

34:40

Those are things that, that, we...

[Bertino]: And don't get stabbed.

[Tarrío]: And don't get stabbed - which Jeremy broke

34:46

that rule, um, a couple of times, um...

[Bertino]: I'm not the only one there was four,

34:52

there was three others.

[Tarrío]: They're all going to be disavowed by the end of the...

[crosstalk]

[Bertino]: But yeah, touching on what you were

34:58

saying, um what, I noticed was just everyone was like uh, hyper on edge um, at that last rally.

35:06

And you know what we're trying to avoid by doing this is like that cowboy shit where people are running off you know

35:13

like when we were leaving the Freedom Plaza, I saw the dudes in the fucking skirts running off fucking down

35:19

then we had to fucking chase them down, and it breaks us up, and that's what we're trying to avoid with what we're

35:24

doing here. This is going to be a strict structure of, no you're not fucking running off, you're

35:30

staying here, and if you fucking run off from us and you fucking don't listen when you're told that "hey get back here, pull back", then you know,

35:37

you're out of this fucking, you're out of this uh, you're out of this chapter. Like that, there's,

35:42

there's no, there's no discussion. It's... it's... you're either going to be here and you're going to do what leadership is, is expressing that

35:49

you need to do, or you don't need to be here. It's a fit in or fuck off mentality. And you know, and it sounds harsh but

35:56

it's true. Fit in or fuck off - like, you're gonna do what we're gonna do or you don't need to be there at all.

[Tarrop]: Yeah, um, to touch on that subject,

36:04

staying together is probably like the most important thing. We had so many fucking people go off on their own.

That's one of

36:09

the - that's actually the biggest problem that we had. Uh, I spend - and this includes in most

36:15

rallies, but it's more controllable when it's a smaller group - I spend most of my time in rallies fucking

36:21

bringing people back. I'm just fucking corralling everybody, right? Trying to keep everybody from

36:28

doing something stupid. If there's one dude, there's, there's a thousand of us dude,

36:33

like we could literally fucking stampede over this dude without using our hand and just walk over them and it's over.

36:40

So, um, your throttle control is important and listening is really fucking important. Please. So I

36:46

can't stress that enough. That's the most important part here, gentlemen.

[Bertino]: And learning how to stay in fucking formation.

36:53

[Zach Rehl]: And then I kind of want to... I guess I'll touch on what Jeremy was saying. Um, like, look, like there's this structure

36:59

here and everything like that, but you guys got to understand, like everybody who's in here everybody, who's like listening right now,

37:05

you guys, you guys are part of this entire thing here, you know? Like we're we're hoping you guys are going to be here to be able to

37:11

help us out and execute these plans, and you know, get these guys on the same page

37:16

as, you know, the mission plan that we're all trying to, you know, put in place here and everything like that.

We don't want guys getting stabbed, you

37:22

know, we don't want guys getting shot. We don't want anything bad happening... anything or anybody any

anybody at all

37:28

really, but uh... You know um, we decided to put this team together. We put this leadership structure together so

37:34

that we can, you know, nationally, um, you know, organize these, these events and everything.

And you guys

37:40

are part of this whole entire thing. So, um, don't look at it as it's like it's

37:47

not... it's not, it's not a dictatorship type thing, uh, I think that Ricky was saying something about that

37:52

earlier, uh, but no, it's... it's, it's just a structure you know? And um, you know, the more

37:58

everybody's on board with it and the more of you guys who are, you know, you know, able to buy into it and

38:04

be able to like, you know, get your guys on board with, with, what like the plans are putting out and everything,

the more successful these

38:11

things are going to be. And you know, there's... there's going to be some, some errors. There's going to be

38:16

some issues, there's going to be things we have to work on everything. But you know, we're going to work on

that kind of shit together and hopefully

38:23

uh, you know, in the future, we're going to be a lot better at it. So, you know, um...

38:30

[Tarrio]: I want to, I want, wanna answer this question right here. "Some people really hate the long optics

march, some can't handle the long march, is there

38:36

a way we can keep the big march shorter or optional?" Uh, that long march

38:42

doesn't happen often. DC's a very big place and it's very, um,

38:47

uh, it's really tiring sometimes when it's cold or when it's too hot. But the truth is, uh,

38:55

like sometimes it's gonna require a long march you know. Sometimes it is gonna require that, so

39:00

you're... try to stay fit as much as possible, but I don't think

39:06

that that's going to happen very often where we march those long routes, um... Specifically, that's

39:12

what it called for on that, on that specific march, um, I know we walked, uh, I think on my on my watch it said we

39:20

walked, the first night we walked 14 miles, and then the the following day we walked 13 and a

39:25

half miles. So yeah.

[Blackbeard]: Hey Kenny,

39:30

the guys that won't follow the rules...

39:38

Uh, Kenny asks, he says everyone wants to help, so, but what happens to the guys that

39:43

don't follow the rules? Yeah, yeah, we rape them.

[Tarrio]: Yeah, full rape, yeah but just to

39:50

give you an example of that, uh, one of the rules when you go in the chat it fucking tells you as soon as you

39:55

come in, it tells you the chat rules. That's not a place for banter. You're not gonna...

you fucking take that shit to DM,

40:01

okay, uh... he continued and I removed him from the chat, right? Uh,

40:08

there's gonna be, there's gonna be situations where it's not that heated, but dude uh, if you don't listen there

40:15

will be consequences. That's another reason why we established a chapter so there will be consequences for those

40:21

people, uh, coming forward. Um, so that could range

40:26

from multiple things. Uh, I don't think that we've talked about too much what happens in between. You get kicked

40:33

out and the Sharia, but the consequences in Sharia, you know, can go from a suspension, uh, and

40:40

at that point since it's not a regular fucking thing where we meet every month, it might suspend you from a couple of

40:45

rallies, um it might suspend, it might a beer tax might be a thing that we're, we're

40:50

thinking that, we think that should be for like smaller offenses.

[Bertino]: Can we do cocaine tax instead?

40:56

[Tarrio]: Cocaine taxes also not on the table ...

[crosstalk]

[Tarrio]: in minecraft.

41:04

[crosstalk]

[Tarrop]: All right, you guys go ahead keep going, answer that question thoroughly if you

41:10

want, or move on to the next one.

[Yut]: I mean that that's all I have on my list.

41:18

We had uh, medical, which we're,

[Bertino]: We're working on that now.

41:24

That's definitely...

[Yut]: Yeah, I figured that one's too much. And then, you know, the standard operating procedures, that's going to be as we go

41:30

along, and same with the quick reaction force.

41:35

But as of right now the 10 man teams with 75 guys, that works perfectly.

41:41

[Tarrio]: Yeah, um, somebody asked here

41:46

uh, where was it... hold on, so what are operational, "what's our

41:53

operational goal for 1/6. What I'm hearing is a way to stay in sync but what goals are we marching

41:58

towards?" So, I, I'm not gonna go into too much detail on the sixth. We're gonna have a separate chat

42:04

uh, and video chat exactly like this, where we're gonna go over with people

42:10

that are actually attending the event. Uh, we're gonna go over those, uh, those details

42:15

at that time, okay. Right now what we're talking about is uh, just operational stuff and how this is

42:20

structured and, um, chain of command, ROE, things like that

42:25

so... Okay.

[Bertino]: This is not a para... this is not a para-military wing per se, so I know a lot of people

42:33

are like, wow, they're starting this like paramilitary wing of the problem, it's not us, this is not folk.

42:40

Yeah, it's basically, um, what we're trying to get you guys to do is

42:46

we're trying to again avoid all those fucking random issues that we had to

42:51

uh, deal with last time that I'm sure some of you - it frustrated a lot of you guys. The running off um, you know it's...

42:59

it's, it's, it can really put the rest of us in jeopardy. Um, and... and so you gotta remember that,

43:05

and so that's why every one of you has been picked the way you've been picked. Um, everyone got to pick

their 10 guys

43:11

that they trusted. Um, and I don't think they're... it's all the way full yet, but um, I, you know, I picked everybody that I

43:17

trusted. Except for Dick Sweets. But I just wanted to pick him, so...

[Zach Rehl]: I didn't pick him either.

[Bertino]: Yeah, I picked, I picked him. But I picked him so that we

43:24

could try to... so he wouldn't throttle everyone else and he can just go home and throttle himself.

[Tarrio]: He's like the...

43:29

he's like the retarded greeter at Walmart. We got him for diversity. When, when he

43:35

gets in here he's gonna fucking...

[Bertino]: He's in here.

[Tarrio]: All right, I know he's in here. I'm watching his face right now.

43:42

Yeah... I could see him. I could see him in the studio. Uh, so um, another thing about growth.

43:49

So right now, like I saids we're growing, uh, small and, and expanding. I think there's

43:55

going to be one more expansion before the 6th where we're able to bring more people in

44:00

um, and then that'll be the team for the 6th, and then from the 6th through the 20th if we decide to go back to DC then

44:08

at that point we'll grow the group, uh, probably one or two more years at that point.

44:13

But we are going to grow in a small fashion so we can, we could adjust to these things.

I'm going to be putting up a poll, uh, on

44:20

the, on the chat, uh, asking who is going to be attending

44:25

uh, DC out of this group. So we could get at least a rough head count and from there we'll make a decision whether we

44:30

want to expand the pool or keep it small.

44:39

[Blackbeard]: It's not a floodgate though, right? I mean, even if we expand the pool, it's not a floodgate

44:45

where everybody goes "hey I have this guy that I like, let's fucking invite him" - there's a vetting

44:50

process. Everybody has to fill out the form. That's just like any other chapter. Not everyone's gonna work

44:57

and, uh, some people are gonna get in and they're not gonna work, and some people are gonna get in and

say fuck those guys, I'm not doing what they

45:03

tell me. And they'll go and, and it'll keep spinning like that, but it's not going to be

45:08

a fire hose. Yeah.

[Tarrio]: Um okay, anything else that you guys want to

45:14

hit?

[Blackbeard]: That's all I have.

[crosstalk]

[Bertino]: Are we staying away from Antifa like on the

45:19

12th?

[Tarrio]: Uh, I'll be, we'll be making those decisions as we go so, whoever's going will be part of that

45:25

uh, communication. We'll talk about that a little bit later, uh, I, I guess since we're in um,

45:32

since we're in here and we're kind of running out of those things, I think it's uh time that we start bringing people in. Damn it! Dick Sweats

45:38

just fucking came off. Um, let's do this - I have two people in the studio right now, I got, uh,

45:45

Travis and Dick Sweats. He just came in. Uh, let's... let's... let's get... Dick Sweats has been waiting so let me

45:50

uh, let me bring him in.

[Biggs]: I'll hop out and do some shit real quick anyways.

45:55

[Tarrio]: Okay all right cool. Cool.

[Bertino]: Probably got a lot of questions.

[Tarrio]: Of course he has a lot of questions.

46:02

[Yut]: I'm gonna go ahead and bounce out guys. Thank you for your attention.

[Tarrio]: All right Yut.

[Bertino]: Dick Sweats.

46:13

[Tarrio]: Sweats you're up. Your microphone's off ...

[crosstalk]

[Tarrio]: Yeah your microphone sucks.

46:19

You got those... he, he ordered those bootleg earpods from ... [unintelligible]

[Dick Sweats]: All right, they were bootlegged I got them from  
46:26

New York.

[Tarrio]: All right... so what's up?

[Dick Sweats]: I was just curious if we had any discussion about you,  
46:32

in particular, with the um, the issue still outstanding about the burning of a certain flag  
in a street and you showing

46:39

up down in DC certain person's possibly being....

[Tarrio]: Yeah, this, this thing is a...

46:46

like uh, one of those uh, that he reads the fucking glass ball.

46:54

I don't want to go into detail here on the video, uh, I think I'll speak, I'll speak more to

47:00

that probably on the ground from a security brief. I'd say if the intensity was a hundred like

47:06

shit's gonna happen, and then the other intensity would be nothing - absolutely nothing - happened  
we'd probably be at a 50 right now.

47:13

So uh, but now, the intensity, now the intensity of how serious it is

47:18

is, is close to zero.

[Blackbeard]: Turn around and face me. Lift up your dick. Let's get back

47:25

your nut sack. That's what's happening.

[Tarrio]: Hey Wednesday, Wednesday's is...

[Blackbeard]: Turn around. Grab your cheeks. Two good calls.

[Tarrio]: I've

47:32

been to the feds. Wednesday's red chicken day, uh, in the feds, so...

[Bertino]: They're only doing that because

47:38

you're black. They're.... that's why they're gonna arrest you on a Wednesday.

[Tarrio]: They'll probably arrest me on a Wednesday just to... just

47:44

just to flex. Okay, so that's the answer to your first question.

[Dick Sweats]: Now the only other question I have is on

47:50

the local level, some of these events wind up catching national attention, so is this something  
that when we know we're doing an event, should we just

47:56

bring it into the, into the, the room and discuss it, just to, you know, you know, if it's local?

[Tarrio]: Yeah if it's local, we'll always contact

48:02

local chapter before we do anything. Like, let's say we end up doing that, um, that thing in  
Montgomery, Alabama,

48:09

uh, we will contact the Alabama chapter - which is almost non-existent at this point - I know there's a couple of guys

48:16

but they haven't grown out yet. But uh, we will be contacting local chapter every time that we go somewhere.

[Dick Sweats]: All

48:22

right awesome.

[Tarrio]: Now if you go to your neck of the woods, we'll always like contact you before.

[Bertino]: But I think what, what dick was trying to

48:28

ask is, if there's...

[Zach Rehl] After we're [unintelligible] and we don't give a fuck what you say, fuck

48:34

you, fuck you. [laughs]

[Bertino]: Well, well, I think, I think what Dick was trying to ask was, what if

48:39

there's a rally like in his backyard that's starting to gain national attention?

48:44

Um, would we, and they were planning on attending, would they then bring that to this group

48:51

or would they just go handle it on their own?

[Tarrio]: Um, you know, I don't think we've, we've, talked about that scenario, but i think

48:56

that would be like, it would be a thing where the local guys, if they want, like,

49:01

if they like the way that we operate, I guess just call us in and then we'll, we'll, uh pick up from the pool that we

49:07

have, but I just, I don't know how many guys will be able to get there. It all depends on if it's gotten national attention and

49:14

the event's like 30 days away, or two weeks away, where some people could come out. But...

[Aaron] Yeah, that's, that's my hope is that, you

49:20

know, this will be a resource that everybody can draw upon, you know, even for your smaller local rallies,

so that way you're

49:26

not having to, you know, reinvent the wheel every time there's kind of a structure and a framework, you know,

where you're going to have,

49:32

you know, I'm always going to have like, familiar comms, you know how it works, how you work with recon,

um, the top-down structure,

49:39

we can kind of keep the same framework without um, you know ,local guys having to, you know, do the whole

thing from scratch

49:45

over and over again each time. They'll be kind of like a standard framework for, for each rally, um, and then you could

49:51

possibly, you know possibly use this group to help, you know, get a few more guys there, you

49:56

know, reach out in the chat.

[Dick Sweats]: Yeah, that's true.

[Tarrio]: Um, I want to answer

50:01

this question really quick: "last question for me, are we doing any media shit or or are we going totally under the radar?" I don't, uh,

50:08

like, we won't be announcing that, uh, the chapter of ministry of self-defense is going to be going anywhere.

50:14

Uh, we're still... obviously we'll go under Proud Boy capacity. Sometimes we'll go...

50:19

it depends on how we dress and what we want to do as far as a marketing plan goes. But sometimes we will go dead silent, you know, um,

50:27

so we'll make those decisions as we go. It's... we're totally flexible, uh, with anything that we'd, uh, like to do.

50:34

Dick, you got anything else?

[Dick Sweats]: No sir, I'm good.

[Tarrio]: All right, cool. I'll keep you in here, I'll keep you in here. Let me bring in, uh, let's bring in

50:41

Travis. Travis you, you got your mic muted.

50:49

Okay... I'll leave him in here. I'll bring in, um, Asher. Mr. Asher, you're muted.

51:00

Why is everyone muted?

[Asher]: Yeah hi, how's it going?

[Bertino]: What's up brother?

[Tarrio]: What's up Ash?

[Asher]: Not too much. I'm just

51:06

listening. I'm just listening.

[Tarrio]: Oh okay, okay, all right. So you clicked um, on that link... nobody's trying to get in so we're good.

51:13

You can stay in. Uh Travis, I could, I could kind of see you. I see you're hearing me.

51:19

You're muted. I don't know if you want to say anything, but you're muted. Did we lose somebody right

51:26

now?

[Bertino]: We lost Yut, we lost Zach.

[Tarrío]: Zach is the one we lost right now.

51:33

We had lost Yut for a while.

[Bertino]: Zach's got that Philly fucking boost mobile too, apparently so.

[Blackbeard]: Oh I got something I bet

51:40

everyone wants to talk about. Let's talk about women in the chapter.

[Tarrío]: We just came off a video chat with

51:46

that.

[Bertino]: Yeah we just had enough of that AIDS for the night.

[Tarrío]: Okay so there is... here look, this is a very simple

51:53

thing, there's no women in the fucking chapter. There's no women in any of your chapters. There never will be women in your

51:59

chapters. The Proud Girls thing is never going to be a thing. The PBG thing, it consists of five women in a fucking

52:06

chat that don't even say anything about it. But uh, that's about it. Uh, I'm gonna

52:11

bring Zach back in, and... we have somebody that usually has a lot to say and a New Hampshire [??]

52:17

Oh wait, Travis, muted.

[Zach Rehl]: What up Trav?

52:25

[Dick Sweats]: [imitating trucker CB radio talk] Breaker Rico 1 9 ... 10 4 radio boogie-doogie

52:34

[Tarrío]: I'm going to mute Trav.

[Asher]: There's something I want

52:39

to ask. I'm sorry, yeah those of us who, at least, for the

52:45

last two events, have been tied to some security detail, could we be like partially

52:50

um, in the this chapter, and not, in other words, when we're done with that security detail,

52:56

like, can we meet up with, you know, like 10 other guys, or I guess, you know, six other guys,

53:02

like - in our security detail we have four, right - we're tied with Latinos for Trump, but basically everyone in that detail is

53:08

in this chapter, so...

[Tarrío]: Yeah, yeah I know my... so, so basically what he's saying, so my chapter is doing

53:13

secure... security details specifically for Latinos for Trump. Completely off, when you're done with that detail

53:20

I think that uh, we're, we're going to be around for a little bit, but when you're done with that detail

53:25

as, uh, I guess, yes, the answer would be yes. But I guess the logistics portion of it would come

53:32  
in - how you get to us or where we are, if it's... if it's like a marching route then no problem, you guys can walk

53:38

straight to us. But I guess we'll stay in communication, you'll be on the chat channels and I'll include you in that,

53:43

um, Ash.

[Asher]: Are we going to be using that Zello thing this time?

[Tarrío]: Uh, I... so the zello thing was just like,

53:50

really, I knew not too many people were going to be able to use it because of the data, so we're going to be... we're going to have

53:56

it as a backup, but we're always going to go to our radios for communication.

54:02

Okay. So... I'm going to bring in New Hampshire president, and I'll bring in Travis and make sure that he is...

54:10

um, not muted...

[NH PB Prez Rob]: What's up gentlemen.

[Tarrío]: What's up.

[NH PB Prez Rob]: What's up Jeremy.

[Bertino]: What's

54:16

happening bro?

[NH PB Prez Rob]: Good to see you man.

[Bertino]: Thank you man, good to see you again - and not your nuts.

54:22

[NH PB Prez Rob]: Hey not my nuts. My vice president's nuts, not mine. Uh fuck that.

[Bertino]: They were pretty anyway.

54:29

[NH PB Prez Rob]: Dude, I was fucking pinching it off like a motherfucker [unintelligible]  
[crosstalk]

54:35

[NH PB Prez Rob]: Um... so I gotta, I got a question about the, um,

54:41

at the beginning of this you were saying that you're, you're breaking it up into zones.

There's eight zones

54:46

Right? Is that what you said?

[Tarrío]: Well, no, there's eight people. There's eight regional reps, and it goes from,

54:53

... we're doing the Mississippi line, west or east of the Mississippi.

[NH PB Prez Rob]: And each one of those guys is going to

54:59

be responsible for recruiting in that, in their area, so like there'll be somebody for New England or...

55:04

[Tarrío]: No, so, the way that it works is, it's... we're not, we're not... the reason why we we

55:10

separated is because we have a lot of rallies in Portland and a lot of rallies on in DC,

55:15

so we're just gonna pick the four best guys, the four best suited guys at that point, and those guys will,

55:21

will be on the ground for the operations team and be managing those 10... those 10 man crews at that point.

55:29

You get me? So if there's something to go, the, the message goes from the top to the bottom at that point.

55:35

[NH PB Prez Rob]: Okay makes sense.

[Tarrío]: Yeah.

[NH PB Prez Rob]: Um, what are we doing about, um, places to

55:41

stay for the 6th?

[Tarrío]: Uh, I'll go over that on the next chat and I think i'll do that

55:47

right on like the first, um, just so we're closer to that event.

55:52

And we'll talk about places... well, we could actually, we could talk about places to stay right now. The thing is, DC's jam-packed. If you could find a

55:59

fucking hotel we're gonna be, uh, most of us are gonna be staying on the Supreme Court side. I know some people were staying by the,

56:06

by the White House, but right now it's "get what you could".

56:12

[NH PB Prez Rob]: There's a chick on Parler fucking want me to split a room with her at the fucking Phoenix... [unintelligible]

[Tarrío]: If you could find, if you could find the

56:18

room at the part, at the, at the Phoenix, it's impossible to get right now.

[NH PB Prez Rob]: She already got one.

56:23

[Tarrío]: Oh... she... if she has one then you're good.

[NH PB Prez Rob]: Um, so, are there places we should, if,

56:30

if, I don't really want to stay with this chick, um, because I'm... it's not what I'm about, but um, and what

56:36

are there places to stay away from at this point? Is it that fucking border somebody was

sharing on fucking,

56:42

um, Parler?

[Tarrio]: The neighborhoods right outside DC are fucking garbage,

56:47

so if anything...

[Blackbeard]: You don't want to go to the East side. You'll get fucking stabbed to death.

Well, you don't want to go downtown

56:53

either, you'll get stabbed to death. So i guess we'll all... [unintelligible] The the big thing about it is, guys it,

56:59

like the last two times we were in DC they shut down entrance to the entire

57:05

fucking center in the city. So if your hotel was outside of downtown DC,

57:11

you weren't going anywhere. We had to drive - I don't even, I don't even know what fucking shit-ass neighborhood I was

57:16

in to try to get out of DC - we went through some fucked up tunnel with homeless people all through it... I don't even know, but that's the big

57:23

thing. If you can try to get in the city proper, try to get there. But one of the hotels

you'll probably be

57:29

at is the one on Lafayette with the big Black Lives Matter plaza thing. I don't recommend it but, yeah...

[Zach Rehl]: Johnny,

57:36

like, um, like I was actually telling a few other guys, uh, because like a lot of people are saying, you know, the same thing if they're gonna

57:41

shut off, uh, major highways and stuff, yeah they probably will or might try to do that. But

57:46

if you don't mind driving through the hood, or you know doing this or that you're spending an extra hour driving to

57:52

the destination when it's only going to take you 10 minutes if you took the highway, then yeah, yeah like go where you want.

57:57

But be honest with yourself. Like, it's going to be a fucking pain in the ass, so try to get something as close as

58:04

possible that is all.

[Bertino]: Yeah, so somebody just asked, uh, "just so we're clear: everything we do in here

58:10

is to be completely secret, correct? Not even to use classmates should we talk about

58:15

what we are doing in here, right?"

[Tarrio]: All right, yes. Even your own chapter mates,

58:20

this is its own chapter, like I wouldn't want you to tell me something that happens in your chapter

58:26

so I wouldn't... we're not going to allow for you guys to talk about what happens in here with your chapter guys.

58:32

Obviously, there is, obviously, there is chatter about this and what we do here

58:39

but, uh, that... keep it at that level. Keep it, keep it at, hey it's none of your business

58:44

so... um yeah okay, next.

[Bertino]: Um...

58:51

let's see here. I'm trying to get some uh, what about helmets, plates, carry and plate carriers?

[Tarrio]: We'll talk, we'll talk

58:58

equipment... so one of the plans is to get you guys a list

59:04

of equipment that you would practically need to get, and then a list of equipment that

59:09

we recommend, uh is something that, uh, we're looking to do, um on this, on this event.

Just stay tuned

59:16

for what you should be wearing but, um, I think it's just gonna be, uh, we'll put it in the chat once we have

59:23

that conversation.

[Bertino]: All right. Uh "last question, are we doing any media shit or are we going totally

59:29

under the radar" Okay... that's more of a DC question.

[Tarrio]: I think, I, I think... I, I address that question, um,

59:37

for the most part, uh it'll depend, it'll vary from from event to event. Um, this one we're

59:42

going a little loud, uh, but we did put out some disinformation. Well, kind of disinformation, to kind of throw

59:49

them off a little bit...

[Bertino]: But is it really disinformation?

[Tarrio]: Probably, but... I don't know.

[Zach Rehl]: It's always disinformation when it comes to us.

59:55

[Tarrio]: We'll find out.

[Bertino]: Um, and no definitely

1:00:00

no six men weapons and equipment for the event.

[Tarrio]: Yeah, it's ten-man weapons and equipment.

1:00:05

[Zach Rehl]: Wait is that, what, is that what that means?

[Bertino]: Yes. Six-man weapons and equipment can change

1:00:11

the outcome of a battle.

[Dick Sweat]: Are we serious?

1:00:17

yeah I've been retarded for like two weeks now, and I wasn't even need to be retarded, can you guys please update me when I'm not retarded anymore? What the fuck.

[Bertino]: But you're always

1:00:23

retarded, Dick.

[Zach Rehl]: Shit, stop taking fucking acid dude.

[Dick Sweats]: Don't talk so loud,

1:00:29

my daughter's right over here. What the hell, bro?

[Zach Rehl] Why, she's not afraid...

[cross talk]

1:00:39

[Tarrio]: Brian's asking, Brian asking if we could put that list together as soon as possible.

I think we should talk about

1:00:44

that tomorrow and, uh, get a comprehensive list together and just, uh, put it together

1:00:50

and send it out.

[Blackbeard]: Yeah, but seriously, by now, it, by now you're not going to get it before, yeah, if you have to order it on Amazon

1:00:56

there's little to no fucking chance.

[Bertino]: You might get an IFAK but that's about it.

[Tarrio]: Yeah, I mean, your basic stuff, I'll tell you right now, your basic stuff like a

1:01:03

fucking plate carrier, or if you could put, if you get like soft armor that you can put under your shirt'd be great, um...

1:01:09

No colors - do not even, gentlemen, do not even pack anything that's black and yellow. Uh, do not under

any circumstances do

1:01:17

that.

1:01:23

[crosstalk]

[Zach Rehl]: Yeah, um, anybody who's uh, in the uh, in the chat and everything, like if anybody has any uh, a link to like, uh, proper

1:01:31

equipment, that would be actually effective - maybe it's stab proof vest or something - and it's not

1:01:36

overly expensive, like, so not all of us are rich, so uh, you know, we're not basically, if you

1:01:42

could find maybe something that's not eight hundred dollars that would prevent, you know, being stabbed...

[Bertino]: There's like three hundred

1:01:49

dollar vests...

[Zach Rehl]: That'd be a lot more, more effective and more, you know, proper to you know, help. So what

1:01:56

this chapter is then you know, talking about, you know Proud Boy girls or something like that...

[NH PB Prez Rob]: What we did in new hampshire on the

1:02:03

cheap was we went to fucking, um, ocean state job lot, I don't know where you guys are, if you have those, uh, fucking

1:02:08

dollar tree or whatever, whatever, whatever it is in your area. Up here we have

1:02:13

ocean state job lot, and we went and bought fucking plastic cutting boards and cut them to the size of our plates

1:02:19

and put them in the plate carriers, and they were like three columns.

[Dick Sweats]: You can curve them to make them more

1:02:24

comfortable.

[Zach Rehl]: One of you southern guys got me for like 50 bucks for some, uh, you know plastic plate carriers

1:02:32

that, uh, they made out of uh, like fucking cutting boards. But you know, like, I... I don't have any I... I'd have anything else [unintelligible]

1:02:41

[Tarrio]: Wait, hold up, someone charged you 50 bucks for a fucking plastic plate?

[Zach Rehl]: Yeah, yeah, yeah, they did yeah.

1:02:49

[Tarrio]: That sounds like some florida dude. That sounds like somebody in my chat...

[Zach Rehl] I don't... I don't snitch. That's all.

1:02:56

[Bertino]: Well listenn even if you can't man, get

1:03:02

some fucking dude, pull, pull like a fucking Omar from the wire and like fucking duct tape goddamn phone books around

1:03:09

your... fucking around yourself. Trust me, you don't want to get stabbed. If you've never been stabbed you don't want to get stabbed.

1:03:14

So whatever the fuck you can do just to prevent that, do it. If it costs fucking 13 cents

1:03:21

or 1300. Do whatever you got to do to protect your fucking body. You're fighting...

[NH PB Prez Rob]: I've been stabbed three times in my life

1:03:27

man, I don't ever want to fucking have it done again.

[Zach Rehl]: Take these guys

1:03:32

words, you could just grill...

[Bertino]: Yeah, you don't want to get stabbed.

[Blackbeard]: You could just keep women away from you too, Jeremy.

1:03:38

[Bertino]: Dude, I'm telling you man...

[crosstalk]

[NH PB Prez Rob]: That fucking bitch, dude, uh....

[Bertino]: Hey, but listen there's actually...

1:03:44

somebody brought up a good question earlier, and I meant to... I'm about to touch on it, said something about, uh, no MAGA hoes,

1:03:50

and uh, uh, here it is: "okay one last question for real, specifically for the 6th, no MAGA whores or cameras following us, right?"

1:03:58

Now, you know there's going to be a camera following Enrique, because, you know, he's a brown faggot that, you

1:04:03

know, loves his clout. But MAGA hoes need to get the fuck out.

1:04:10

For real.

[Tarrio]: Yeah so, this operation that we're gonna run, we're gonna do it independently of any other

1:04:16

chapters that are around. Um, we're gonna, we're gonna work on these, uh, at night and in the... and throughout the

1:04:23

whole day on the 6th we're gonna operate by ourselves. No other Proud Boys, no women no chitlin, none of that shit.

1:04:31

It's just gonna be us, period.

[NH PB Prez Rob]: So... since you're, since you're recognizable, since Jeremy's

1:04:37

recognizable, since Biggs is recognizable, if we are somewhere and other, other brothers see us that aren't part

1:04:43

of this chapter and they want to come with us, we tell them no.

[Tarrio]: Tell them no. As hard as

1:04:48

it is to do, and I know I cringe having to say that, but we have to... we have to

1:04:53

we have to learn how to do that. We got to be able to fucking be like, hey, look, right now don't follow

1:04:59

us around, blah blah, we're going somewhere, and just keep it... keep it frosty like that.

[Blackbeard]: And that has to extend to,

1:05:05

to normies and women. Basically, what I'm telling you is stop the fucking formation

1:05:10

and very politely and professionally go up to them and say listen, get the fuck out.

You can't walk in here

1:05:17

right now. Uh, you gotta step out to the side. We can't have you in the middle and then, and then keep right on going

1:05:22

and don't fucking move the column until they're gone. Right, I mean, we have... it's ridiculous the amount of fucking

1:05:29

people that just move in and then we're... the last time in DC we form a front line

1:05:34

and all of a sudden I got eight tiny little fucking girls running basically between my fucking

1:05:40

legs because they want to go up and be on the camera with Enrique.

[NH PB Prez Rob]: Make a hole, make a hole, this

1:05:45

fucking cunt says to me.

[Blackbeard]: Oh yeah, yeah, make a hole it's not fucking [unintelligible] ... I'm about to make a hole and put you in it.

[NH PB Prez Rob]: Fucking stupid little whore.

1:05:55

[Tarrio]: So... also this group is in charge of controlling me too. There's a reason why we we went with

1:06:02

this structure. Uh, I get stopped, uh, and I'm sure Jeremy will get stopped

1:06:07

now, uh, quite a bit now too. But I get stopped quite a bit. Um, if we're at the locations, obviously

1:06:14

they're, it's uncontrollable at that point, but um, if we're marching, yes, try to keep the people that are

1:06:20

following us the fuck away from us, right? We don't want anybody following us at all, ever,

1:06:27

[Bertino]: And not, definitely not breaking our ranks. That's the other thing you know, like, I tried my best to do that last

1:06:33

time I was like, guys don't let anybody in here. But these motherfuckers, well see, the other problem is when

I said earlier we have

1:06:39

to learn how to stay in formation and learn how to fucking march, you got guys that like fucking lag behind and then, you know,

1:06:45

it's... we gotta slow down, stay, speed up, slow down. It's like you know, left, right, left, right, right,

1:06:51

it's, it's fucking easy walking guys. And if we can keep ourselves tight, nut to butt, elbow to asshole,

1:06:59

we won't let any fucking body into our formation and that is key because we don't know who the fuck these people are that are just automatically walking into

1:07:05

our formation. Now we got to be aware, is Antifa going to try to fucking walk into our formation and knife us in the back when

1:07:11

we're fucking walking? You know one dude had enough balls to come upon fucking 500 of us

1:07:17

and start swinging a knife, trying to gut us like fucking fish, so you can imagine what they're going to try to do if they can sneak their way

1:07:23

into our fucking formation. So that's a security ...

[crosstalk]

1:07:32

[Zach Rehl]: ... accountability of actually, who's like, like, actually with you and your chapter and everything is like, one of the probably like the biggest

1:07:38

things. The other thing is, is the comms like, if, if you have, if you have the proper columns

1:07:44

then you don't have to worry about that, in the sense as far as like where we're going to be and we're going to be going,

1:07:50

you know, and um, I agree, yeah, ...

[crosstalk]

1:07:57

[Tarrio]: You know what I noticed about this group? We're following the rules to a T right now. We're conducting an operation. There's

1:08:02

absolutely nobody drinking.

[NH PB Prez Rob]: I'm not a big drinker anyway.

[Bertino]: I'm drinking Coke Zero.

1:08:09

[NH PB Prez Rob]: And I'm not home, so... I don't drink and drive.

[Tarrio]: I like how serious you guys are.

1:08:14

And then just to quote, uh, one of the regionals, uh, he says

1:08:21

we just tell them that MOSD does, that MOSD does MOSD stuff ,and that's a direct

1:08:27

quote from Danny Mac, that told me that New Jersey does New Jersey stuff.

[Bertino]: Can we just call it the

1:08:34

Mossad? Can we just call it the Mossad?

[Tarrio]: So... oh, by the way our branding,

1:08:39

so, just so you guys know, I got this really cool six-point star that we're going to be

1:08:45

wearing on our chest. And our official colors are going to be white and blue.

[laughing, cross talk]

[Blackbeard]: I fucking quit.

1:08:58

[Bertino]: [unintelligible]... the gay Jewish congress, is that what it is? The gay Jewish congress?

[Tarrio]: They finally took over.

1:09:05

Just, hey listen, unrelated to this group, we've never, we've never elected

1:09:12

a small hat to the elders council, um, just throwing it out there.

1:09:19

[Bertino]: I've gotten...

[crosstalk]

1:09:25

[Unknown]: What's a small hat? Enrique? Just asking.

[Tarrio]: Just people that enjoy tiny hats, you know, like smaller.

[crosstalk]:

1:09:31

[Tarrio]: Smaller than hats that, that Dick Sweats wears right there. Smaller.

[Blackbeard]: Aaron. Hey,

1:09:37

Aaron, Aaron... where'd he go?

1:09:44

Hey Aaron?

1:09:53

I just want to cut in real quick. How do you feel, about about the tiny hat comment?

Asking for a friend.

[laughter, crosstalk]

1:10:00

[Zach Rehl]: We need a meme of him, uh, like rubbing his hands together, with a big nose, and uh... [unintelligible].

1:10:14

[Tarrio]: Hold on, take a look at the screen really quick. Hold up...

[Zach Rehl]: Aaron, please [unintelligible]...

[Tarrio]: Let's put this guy over here.

1:10:22

Let's keep him on the opposite side of the screen.

1:10:28

[Music in background]

[Tarrio]: Who's got their fucking TV on?

1:10:34

[Bertino]: I was playing the twisted tea video. That

1:10:40

should be our new official drink, by the way.

[Dick Sweats]: That guy smashed another guy in the face

1:10:45

with it, that was classic.

[Tarrio]: Uh... okay so, um, okay let's stay on topic

1:10:50

here. Um, next questions, anything?

[NH PB Prez Rob]: Yeah, what, what do we do... Jeremy, remember when we

1:10:57

met you guys at the Phoenix and there was that, um, black chicken there with the...

[Bertino]: Oh yes.

1:11:02

yeah we talked about that earlier.

[NH PB Prez Rob]: Well, no, what do we do if they do like she did

1:11:08

like, no, I'm not moving. No, I'm not leaving. What if we get, people like that [unintelligible]

1:11:15

We say hey look this is Proud Boy shit. Get the fuck out. And they're like, uh, no...

[Bertino] Then we fucking remove them.

1:11:20

[Tarrio]: Oh yeah, but always, always keep a professional posture, you know, um,

1:11:27

at that point, you know de-escalate, de-escalate, de-escalate. Start marching and then, you know,

1:11:35

start escalating until you can't escalate anymore and then, you... you... we can't do anything about it.

1:11:42

[Bertino]: Well, you know, you you saw what I did to her when she started fucking acting up.

1:11:47

Twice I had to check that bitch. And I shut her the fuck up, and I said look, this is fucking man's business. You shut

1:11:53

the fuck up, and I got Louie, who is, of course, it was Louie's girlfriend that had to have the fucking issue,

1:11:58

um, and I, and I pulled him and I said you better fucking handle this shit, or she's gonna end up getting you fucked

1:12:03

up. And he was like, oh God, okay. And she shut the fuck up for a little while, and she was in the back.

1:12:09

But of course then she got ultra drunk and started running up at the cops. Finally, you know what, I just said, you

1:12:14

know what, fuck it, go get arrested. Go ahead, go fight the cops, go get arrested. I don't

1:12:19

give a fuck, you know. But unfortunately the bitch was out there in a yellow and black fucking plaid, so, fucking flannel representing us.

1:12:28

Of course. Um, but yeah, you're gonna get those, you're gonna get those fucking, those uh, like the same bitch that got me

1:12:35

stabbed, you know what I mean, you're gonna get those fucking... that's why I put that post out on Parler, hoping that

1:12:40

these bitches will get a clue that look, you're not welcome with your drama and your bullshit on the front lines. Keep that shit up, keep that shit over in

1:12:46

the corner go fucking bitch in a room with, with the rest of your bitchy girlfriends.  
I don't give a fuck what you do.

1:12:52

You're not welcome in our formation, and literally you... we will just have to keep a tight enough formation where they can't get in.

1:12:58

You know, I mean, so that, I think that's...

[NH PB Prez Rob]: Let them know that they're here for fucking three things.

1:13:03

Get some food. Patch us up. And suck our dicks. That's it.

[Bertino]: Sandwiches,

1:13:08

medical supplies. And blow jobs. That's their only fucking job. You've got one... you got three jobs.

1:13:14

Three jobs. But yeah, that's that's the way I would say handle it, man. It's like, try to be nice at first, like, look this

1:13:20

is, you know, we need to keep a security perimeter, we need to keep a secure perimeter, we can't have any

1:13:25

outsiders in here. If they're in here, you know, if you start to move in here, other people are going to move in and we're going to lose

1:13:31

control. So we need you on the outside of our formation. If they don't listen, they don't, they continue to be fucking women,

1:13:38

um, then move up on them and, and kind of try to force them out by pushing your way, you know, pushing

1:13:45

them out, per se. That's how I would do it.

[Zach Rehl]: Yeah it's, it's the same thing with any normie to be

1:13:50

honest with you man, Like, some of these normies are such a liability, and everything that like, just, just the fact that they're

1:13:56

walking with us, it puts us in harm and, and them in harm as well, you know what I mean.

1:14:02

[NH PB Prez Rob]: Yeah, when we uh we walked the fucking, umm BLM plaza with Biggs and uh, Rufio,

1:14:08

um, one of the things they told the rest of, the rest of us was to be quiet. We had a bunch of

1:14:13

normies with us going screaming on the top of their lungs, going "fuck Antifa", and "babies lives matter"

and the fucking

1:14:18

normies, just every time we told them to shut the fuck up they wouldn't shut the fuck up. They were fucking screaming and yelling. So much for trying to be fucking

1:14:25

tactical and fucking, you know, um, trying to do something on the fucking down low. But god damn, dude...

[Bertino]: Yeah, unfortunately there's

1:14:32

no way, with the notoriety that we have, that people are not going to start fucking following us. You know, they're gonna follow us now

1:14:38

because you know, we're the "tip of the spear" - so they're going to follow it.

[Tarrio]: When it gets out of control there's some

1:14:44

situations when it gets out of control and we can't stop them, and it just looks bad that we're going

1:14:50

to stop a big crew from coming. You know, at that point, you know, some type of formation move

1:14:56

to where we got to move, and just chill.

[crosstalk]

[Zach Rehl]: I mean it's like a Catch 22

1:15:04

to reject them completely, because like, they support the shit out of us - they've helped us out

1:15:09

a lot in various different ways and everything. But...

[Tarrio]: They got montana 40,000 dollars.

[Zach Rehl]: Yeah, yeah,

1:15:15

exactly, exactly. That's one of the things, I mean, but look, we got to do it in the professional way to where you know they're not pissed off to the

1:15:23

point to where, you know, they're gonna continue to, you know, turn on us again, you know what I mean.

You know, they support us now, let's

1:15:29

accept their support, but do it in a professional way and reject them in a professional way. We need to,

1:15:34

if that makes sense.

[Bertino]: Well yeah, it's kind of like the US military. I mean, how many fucking people would love to go march when the fucking army comes, you

1:15:41

know, marching through some somewhere, right. But they can't, right, they respect the fact that they can't do

1:15:46

that. Well, we have to give them that same sort of, um, they have to show us the same kind of respect that they

1:15:53

would show the military when we're fucking marching in our formation and we're doing our thing, they need to

show us the same type of

1:15:59

respect, uh that they would show the US military. Not saying that we're the military, but you know, what

I'm saying.

[Zach Rehl]: No, amen to that.

1:16:06

[Blackbeard]: Maybe we could get uh, maybe we could get, uh,

1:16:11

maybe we could get you social media whores to uh, start posting some shit out there on

1:16:16

your Parler page...

1:16:24

[crosstalk]

[Bertino]: Well I did that, and all of a sudden I had fucking, every fucking MAGA thot that thought she was tough fucking complaining you're gonna lose supporters now.

1:16:29

[Blackbeard]: Well, well, Kiki can do it, and uh, they won't do anything because they'll be afraid he'll hack him to death.

1:16:36

[Tarrio]: With my dick.

[Dick Sweats]: The hard part, I think, for, to get these guys to go back inside is that they've been stuck inside for

1:16:41

months, terrified of all these fucking terrorists running around destroying their cities. So when they had the opportunity to see these guys were

1:16:47

bravely walking the streets of DC at night time, that's why they want to follow, because they know that when we leave, they're not doing that shit the next

1:16:53

night.

[Bertino]: Fuck no they're not.

[Dick Sweats]: Right. So I get where they're coming from, I guess, because they feel like, oh wow, we

1:16:58

have a moment we can actually be normal people again.

[Bertino]: But well, you know what, and they can do that, but just do that in the fucking back, you know what I

1:17:05

mean?

[Dick Sweats]: Right, exactly. Right.

[Bertino]: Behind us, don't do that in the middle of us, yeah ...

[NH PB Prez Rob]: As far as this

1:17:11

chapter goes, are we are we gonna be there for the 6th and the 7th? Or just the 6th and then we're getting out?

1:17:19

[Tarrio]: Um... so, um,

1:17:24

there's some things that we can't control. I always say that you guys should roam together, but like myself, I'm gonna be there for

1:17:30

about six days, um, because I have, I have other things that I got to do there. But I usually

just lay low when I'm by myself. I stay in

1:17:37

the hotel, take an Uber and leave. But I suggest that, uh, you guys congregate in smaller groups

1:17:43

and then when we have that itinerary out follow it to the T, um...

[Bertino]: He's there for vagina.

1:17:50

[Dick Sweats]: Yeah, who's what proud girl are you hooking up with?

[Blackbeard]: It's not a proud girl. It's uh, it's a,

1:17:55

it's a dude named Steve. He's on the inside. Those bars are going to go clank.

1:18:02

[Tarrío]: Steve loves me.

[Blackbeard]: I always want to be a little black Cuban.

[Tarrío]: [Doing funny voice] I always love being one of... one of you little boys.

[Bertino]: All right, so uh, [reading question] "what time is the whole

1:18:14

political presidential situation happening that day with Pence?" Uh, that, I don't know, I, I

guess we're just gonna have to,

1:18:20

I mean, a lot of the questions are coming in about DC.

[Tarrío]: Yeah.

[Bertino]: You still haven't formulated a plan for DC yet, because we've been trying to

1:18:27

form...

[Tarrío]: I mean, we somewhat know. We just, we just, there's... there's a lot of detailed information

I guess, we got to

1:18:33

go over, but yes, uh, we will have a plan for DC. We will have one of these, uh, with some time, I know it's very close

1:18:39

right now. Um, I'd say, uh, we'll put, we'll start putting out some information, uh, tomorrow. But like, we'll have another

1:18:47

like, little video session right here with uh, with more information and a separate chat that's specifically going to be for

1:18:53

events. Once that event ends I'm going to remove everybody and they're... you guys are just going to stick

to that main chat.

1:19:00

[Bertino]: Well, um, yeah, other than that anybody else got any questions about how the chapter is going to

1:19:05

operate?

[Tarrío]: Yeah, um, let's say, let's give them five minutes in here. We're already at a, a minute and

1:19:12

an hour, and a quarter, uh, let's keep skirting some questions here.

1:19:17

[Bertino]: Well, we've got the JQ popping up, so I don't know if we want to address that or not.

[Tarrío]: What?

1:19:23

[Bertino]: The JQ is popping up. I don't know if we want to address that.

[Tarrío]: I can't remove Aaron right now.

1:19:28

It's too early in the game. We gotta wait a couple months then we

1:19:35

remove Aaron.

[Bertino]: Okay uh...

1:19:40

[Dick Sweats]: [unintelligible] Chinatown, yeah this place is close, possibly?

[Tarrío]: Yeah, Chinatown is really close to the

1:19:46

supreme court, so that's a good spot that you could look for. You're gonna get like...

[Dick Sweats]: He says he has one already.

[Tarrío]: Okay

1:19:54

All right, keep skirting, keep looking through those. I'll give it, I'll give it like five minutes.

1:19:59

[Bertino]: "Are we expecting to be paired with our original selectors?"

Um... probably not.

[Tarrío]: I don't think so.

1:20:06

[Bertino]: It shouldn't, I don't think it'll be that way, um, it'll probably be just randomly chosen,

1:20:12

hey, these are my 10 guys, these are your 10 guys...

[Tarrío]: Yeah it'll be, I think they'll be... yes it'll be randomly chosen, but like, if you

1:20:18

got like a little crew that you roll with, just keep that same crew together.

1:20:23

You know, um, but we'll be breaking that up, we'll see how many people we have and we'll see how we, we break down those, those, uh, those teams...

1:20:31

[Blackbeard]: The teams are still going to be co-located, right, everybody, I mean, we're not going to have one of you,

1:20:36

one group of 10 guys eight fucking blocks to the east of the rest, so the, the whole structure of having

1:20:42

these smaller groups of 10, is, it's easier to herd ten cats than a hundred. That's it.

1:20:47

It's easier to keep everyone together that way.

[Zach Rehl]: All right, uh, how how did it work uh

1:20:53

herding, like I don't know, what, 80 cats for you, uh, uh, Johnny?

1:20:59

[Blackbeard]: Oh my god, I was fine with up to like 30 to 50. But once I got more than 30 to 50 guys

1:21:05

behind me it was a never-ending fucking cycle of running in circles trying to make sure they were all

moving in the right direction.

1:21:10

[Bertino]: It's simple...

[crosstalk]

[Zach Rehl]: ... and and that's kind of like, minimize,

1:21:17

that problem we're trying to minimize, an, and like that's what the whole point of this entire, uh this entire operation is all about,

1:21:23

and uh, everybody that's in this uh, operation I hope you guys recognize and understand like,

1:21:29

how important it is moving forward, doing national events and everything like that, so it's, it's a tough job and it's also

1:21:37

something that is really important that actually needs to be addressed and uh, and worked on for real. Seriously.

1:21:44

[Tarrio]: Yeah. I'm sure that there's going to be, and I want to be as transparent with you guys as possible, U'm sure there's going to be like bumps in the road that we got

1:21:51

to fix. But the most important part is is that we we work together on, on those things and

1:21:57

not fight each other over stupidities, right, there's going to be times where, uh, you, you'll, you'll probably get like,

1:22:05

two lines of communication on, at a very microscopic level, you get two lines of communications to

1:22:11

do two different things before you do anything clear that up, um, but again we're working together this

1:22:16

is the first time that we're gonna operate - I'm not gonna tell you it's gonna work perfectly as planned but, we're gonna get as close to perfect

1:22:22

as we could this first time around.

[Bertino]: Yeah, somebody just said watching me

1:22:27

trying to keep everyone together was infuriating. Yeah. Imagine being the guy trying to fucking do it.

1:22:32

It was... dude, it was, it was the most ridiculous fucking thing I've ever seen in my life.

Like how do, how do you get a bunch of grown

1:22:39

men there that all have the same ideas and the same fucking goals like,

1:22:44

how do you, how do you just not listen when you're like, oh I see somebody, I think it's Antifa,

1:22:50

I'm gonna take 30 guys and run off and do it. Like it's fucking frustrating man.

[Zach Rehl]: Oh you know what actually, uh, that's actually

1:22:57

like something I actually want to draw, uh, address. A lot, a lot of, a lot of guys, I don't know if

1:23:02

new guys or just guys that are just, uh, aggressive or whatnot, but

1:23:08

a lot of people, they see somebody taking pictures or recording people

1:23:14

um, Enrique, Enrique made this post about like, hey, like, people are gonna take your picture.

1:23:21

They're gonna, they're gonna record, um, you know, just smile for the camera and everything, uh, but there was a situation where I,

1:23:29

I actually, I'm not gonna say who or where, I'm not throwing anybody under a bus, but they got, they were getting recorded and

1:23:36

the, uh, the reporter got his cell phone taken from them, from one of our, one of

1:23:44

the people we're associated with. I'm not gonna say who, but um, the guy ended up turning out to be a

1:23:50

regular normie ass fucking reporter who was just reporting on stupid shit, um, you know what I mean, like we don't, we

1:23:57

don't want to, we don't want to have like that kind of, um, notoriety to where we just attack every single reporter,

1:24:03

you know? I mean if, if it's an Antifa reporter, I mean like, if it's Annie Flash Gordon for example,

1:24:09

just as a randomized example...

[Tarrio]: I'll catch the case.

[Zach Rehl]: Right, you steal, you steal that fucking

1:24:14

guy's fucking phone, fine dude... [to someone off camera] Shut the fuck up! I'm sorry I got one of my guys in my room, it's

1:24:21

just, anyway, but like Gordon's fucking cell phone you grabbed it like fine,

1:24:27

but, yeah, perfectly fine, like if you end up running up to some random ass [unintelligible] dude who's, you know, just

1:24:34

recording shit, um, and he turns out to be a, you know, conservative or

1:24:39

conservative reporter, then like, we look like assholes, not only to um, ...

[Aaron]: We don't want

1:24:45

to do what Antifa did.

[Zach Rehl]: ... and I, I want to remove that completely.

1:24:50

[Tarrio]: Yeah, yeah so I almost, just to tell you a story, I almost lost

1:24:56

my cool, because it was after Jeremy got stabbed, and, and a whole bunch of shit was going down,

1:25:01

and there was some misinformation that was posted on the Proud Boy's uncensored channel that said that there's Antifa

1:25:07

infiltrator, and this is his picture. So we we looked for the guy and I told the people that we're looking for that

1:25:13

guy. I said if you find him, you come get me first, and I'm going to fucking knock him clean out. Not

1:25:18

ask any questions. And thank God when I was running over there, I'm like, man, this guy looks a little familiar and I

1:25:23

stopped, I grabbed his fucking camera. Right, and like, what are you doing - he's like, uh, I'm, I'm just

1:25:29

hanging out bro, I, I, I interviewed you today. And then I remembered he was a

1:25:35

conservative dude. So sometimes we got, I have to chill sometimes too. So... but in

1:25:41

some cases there are some exceptions, I guess, to that rule. Yes, uh, but most of the cases we don't know

1:25:46

who the fuck these people are. If they're going to write a hit piece, they're going to write a hit piece. If they're going to dox you, they're going to fucking dox you dude.

You're out there

1:25:53

with a lot of [unintelligible] your fault.

[Zach Rehl]: Okay yeah, like exactly, like, you know,

1:25:59

honestly, like if you're really worried about your picture being taken, just wear a fucking mask.

1:26:04

That's all, like, that's my best advice for you, for anybody in this entire video chat, just,

1:26:10

if you're really worried about your, your picture getting taken, wear a mask and, uh, you know what, I mean you really can't

1:26:17

assume that everybody is Antifa, because everybody's not always Antifa. And when you steal

1:26:23

something from somebody you might be stealing from your own team and like, that's embarrassing and that

1:26:28

makes us look bad.

[Tarrío]: Yeah.

[NH PB Prez Rob]: So, I'm gonna get all, uh, I'm gonna get all fucking warrior poet here for a

1:26:34

minute. Um, one of the biggest things that we have to try to make our guys understand

1:26:40

is you have to remove self. I saw so much selfishness down in DC that guys were

1:26:46

saying, oh I want to do this because I want blood or I want, I, I, I, there was not enough - what about the

1:26:54

brotherhood? Guys got to learn that, you know, you got to put the brotherhood first. You got to put

1:26:59

our ideals, you got to put our image, you got to put everything about us first. You got to think, well, if I do this

1:27:05

because I want to do it, what's the, what's the reflection, or what's the repercussion on the, on, on the, on the

1:27:10

frat? And there's too many guys that are just, that were just fucking selfish cocksuckers

out there. You have to fucking transcend your own

1:27:17

wants and and needs, to put the clubs first. And if you can't do that then you shouldn't just be here in

1:27:23

general. You shouldn't even... this is not the place for you if you can't sit and put your, your, your bullshit

1:27:28

aside and be like, all right, you know, what if this is what the elders, or this is what the president say or this is what

1:27:35

this guy says. It was, you know, this is what's best for the club. If you can't do that, then get the

1:27:40

fuck out. Just even in general. I was so fucking tired of hearing dude's going "I want to do this" -

1:27:47

well fuck you dude. Who the fuck are you?

[Zach Rehl]: Honestly, I'm, I'm gonna back up, like, what I think you're trying to say.

1:27:53

Um, this chapter is all about uh, creating like a unified front in order to, um,

1:28:01

you know, address these national rallies and everything like that, and uh... we're not looking for people who are, you

1:28:06

know, trying to fight with us and trying to argue with us. I mean, we're looking for, we are looking for input, I

1:28:12

mean, don't get me wrong, uh there's gonna be a lot of people who are gonna question certain things and that's

1:28:18

fine. And they're gonna say, hey, maybe that's, maybe that might be a bit a good idea and here's why, or maybe this is a bad

1:28:24

idea, and this is why and everything, and like, it's, it's not like we're not going to look, you know, listen for

1:28:30

input and everything like that. We're totally going to listen for input and everything... um, I mean, Christ, like the leadership

1:28:37

chat that we have, uh, it's, it's all about input, and it's, it's, it's all like, you know, going back and forth

1:28:44

and talking about things that we think would be, you know, a great way to move forward as far as like, how we can

1:28:50

utilize our advantages and how we can make these rallies work together as, as,

1:28:56

as a solid unit in the future. But, um, at the same time, um, if, if we're, if we're

1:29:03

fighting and arguing with each other, and nobody agrees on anything then none of this is gonna work and like

1:29:09

that's the... one of the biggest things that I want to like, like stress, everybody that

1:29:14

um, you know, the, the "fit in our fuck off" - I mean, it's kind of like a lighthearted joke, but it's also like

a serious thing.

1:29:21

At the same time, um, it, it means a lot, like it, like you guys... you guys, you know

1:29:28

you've worked with a lot of, a lot of these people, and, and, and, and talked with a lot of these people, know

1:29:34

some of these people, and, and, already, but you know, if, if you're gonna sit here

1:29:39

and just be an asshole and, and cause problems, then you know, you're

1:29:45

not part of the planning team, and you're not gonna be, you're not gonna be very helpful.

We want, we want people who are gonna be helpful

1:29:51

and that's why that's why all the leadership guys, uh we all had you know we had 10 guys who we

1:29:57

chose that we wanted to be, you know, very, you know, you know, helpful um, in Philadelphia I called it

1:30:04

the ninja team. I don't know what anybody else calls the team, but like...

[Tarrio]: we call them niggers.

1:30:11

[laughter]

[Zach Rehl]: But like, well, we called it the ninja team, whatever, um I picked my 10 best guys and everything, um...

[Aaron]: Ours is called the tiny hats.

1:30:19

[laughter]

[Zach Rehl]: Well, let's get back...

1:30:26

but anyway, but, like, we, we, we put this together so that way we can, we could be a big cohesive unit to where

1:30:34

we can actually have these rallies and actually be successful at them. We don't want DC1 or DC2 happening

1:30:40

and we want to actually like, be like, you know, a nationwide chapter to where we can actually fucking help each other out

1:30:47

and actually make these, make, make these values successful. Man like, that's really what it comes down to

1:30:52

there's nothing, there's no better, other way to put it, like, seriously.

[Tarrio]: Um, I, I do want to bring

1:30:58

up a very, very important point, um, that hasn't been talked about. And I

1:31:03

have experience with, so I can't stress to you guys more, on the 6th, this is

1:31:10

specific to this event. Actually, you know what, this is specific to all events - stay the fuck away from

1:31:15

black churches. All right? Just don't don't go anywhere near black

1:31:21

churches.

[NH PB Prez Rob]: How do we know they're black churches?

1:31:27

[Tarrio]: Uh, apparently, I don't know about that man.

[crosstalk]

1:31:33

[Tarrio]: Apparently it's very obvious to know what a black church looks like... uh, as opposed to a white church, um,

1:31:40

you know I thought...

[Dick Sweats]: [unintelligible] Monsignor, Reverend ... nine different titles that's when

1:31:45

you know it's a black church.

[Tarrio]: You know, I would think that like, the, the Victorian looking ones were white

1:31:51

churches, and like, the ones that, you know, are like on the side of like, a, uh, shopping plaza, yeah, where the blacks,

1:31:59

yeah, but apparently not. Apparently, uh... I'm wrong for this shit, uh...

1:32:06

[Aaron]: Cathedrals are catholic churches, and they're usually Mexican.

[Tarrio]: There you go, exactly. You sees Aaron knows

1:32:12

his way around fucking churches here, which is surprising given the fact that Aaron needs to be like...

[Bertino]: You gotta know your enemy.

1:32:19

[Tarrio]: Given the fact that he hates Jesus.

[laughter, crosstalk]

1:32:38

[Tarrío]: Travis, you got any...?

[Bertino]: Travis you're muted bro.

[Tarrío]: Yeah, you're muted. Do you have any input?

[Travis]: What, what... so I, I missed a little bit, sorry guys, but,

1:32:44

what's the plan for the day? Are we are we gonna attend the event?

[Tarrío]: Um,

1:32:49

so we are gonna attend the event itself. Uh, we'll give more details on that.

I'm going to do this again

1:32:54

right before, probably on January 1st, at night. I'll probably do this - don't

quote me on that - I might do that, that day,

1:33:01

but um, we're going to talk, and we'll start pouring out information from it but,

I will tell you one thing, um,

1:33:07

granted that the first event starts at 10 AM, uh, by the Capitol.

[Travis]: I thought it was 7AM.

[Tarrío]: Uh, we'll,

1:33:15

we'll be waking up, we'll be like, on the road at like 7, 8 o'clock in the morning,

so uh, just prepare, uh, on that front to

1:33:22

uh, to do that, yeah.

[Zach Rehl]: And just, just to throw this out there, like the uh, the dynamics for this entire DC rally

1:33:30

are completely different, because the fact that we're, we're not going to be in colors, uh, one

1:33:35

of the things I've been really hearing a lot about is like, oh my god, I'm hearing so

1:33:40

much this about what's going on DC or that's going to possibly be going on in DC... Guys, look you gotta understand,

1:33:47

we're going without colors, so, uh, a lot of, a lot of the fears and dynamics

1:33:52

that people are thinking about are just complete bullshit and just ramble, I mean,

1:33:58

and realistically like, I... every single rally I've done since like, like 2015,

I've heard the same

1:34:04

bullshit anyway, so I mean, it, it's, it's, it's just, it's just rumbles, and, and,

1:34:10

and arguments. But like, um, while we're in DC and everything, I

1:34:15

mean, it's not gonna be the same thing. We're not, we're not gonna be doing like, a

Proud Bully fucking,

1:34:20

um, you know, eight o'clock in early, uh, march, uh, and, and, and, and flexing our, flexing

1:34:27

our guns, and shit. So you guys gotta understand that we're not doing that this time, you know, we're doing a completely

1:34:33

different operation and there's, there's going to be a lot of uh... contingencies and,

1:34:39

and plans laid out of what we're actually going to do and there's going to be teams, they're

1:34:45

gonna be put together to, you know, um, you know, where they're gonna be going and what they're doing, so

1:34:50

keep that in mind too, and like, when you tell your guys that kind of thing, um, you know, spread that word a little

1:34:56

bit. I mean, don't, don't, don't spread it too far, but you know, spread it to the guys that you plan on bringing and everything,

1:35:02

so that we, we can actually work together and, and, and make this make this DC event a

1:35:08

little bit more successful. Because this is, this, this is the training ground for um, you know,

1:35:14

this entire operation and this whole, you know, this structure and everything, so we want to make it, we want to make it,

1:35:20

you know, successful and um, you know, we we definitely are going to run into some problems

1:35:26

uh, maybe maybe some errors, but we want to learn from those errors and then, and then

1:35:32

work on those errors, so that we you know we don't make those errors again in the future at the next rally, so, yeah,

1:35:40

I just wanted to throw that out there and uh,

[Laughter]

1:35:46

[crosstalk]

1:35:51

[Tarrio]: All right, so, that's it, I'm gonna wrap this shit up. We're, we're at a minute, an hour and 35,

1:35:59

um, all right, we'll keep doing this, we'll do this a little bit more often. This is, this has been a little, this has been fun.

1:36:06

I think this is the best way we do this, um, constantly, uh, we do video chats probably every week

1:36:13

with, um, with the elders and stuff, like that, it's very constructive and we can, we can work together because the

1:36:19

telegram chats, you stay in there you're gonna fight with everybody. Yeah, you know you're gonna, you're gonna fucking get in an argument with everybody.

1:36:25

Dude, just stay off the fucking chats. You know, um, not to dig at Brian because

1:36:30

he's not here, because regardless, I dig at him in person, but, uh, that dude just sits in

1:36:35

the chats for way too fucking long.

[Zach Rehl]: Realistically, realistically Enrique is just tired [unintelligible] picture, that's all.

1:36:42

[Tarrio]: Yeah no, actually I want more, uh, inbound.

1:36:48

[Zach Rehl]: Well, all right, well I got Rod, Rod, Rod's in fucking Florida right now so,

1:36:55

he could hook you up with tranny [?] shit bro.

1:37:03

[Tarrio]: Um, okay, that's it, uh guys, um, let's wrap this shit up. Love you guys,

1:37:09

and we'll do it again. Just stay tuned to the chat, I'm gonna keep the chat open until uh, tomorrow noon and then I'm

1:37:14

gonna close it. So you guys could enjoy your fucking, um, your new years and uh, I'll go ahead and

1:37:21

reopen it on the first in the morning. But I'll keep putting up updates on there on, uh, on what we're gonna do, all right?

1:37:29

[NH PB Prez Rob]: Love you boys. Enrique, check your DM

1:37:34

when you get a second bro.

[Tarrio]: I will, I will.

And don't forget to shop at 1776 dot shop ...

1:37:41

[Laughter]
