Not everything can be discussed in an official proud boy chat, whether you consider it worthy or not..

Just like you are not free to encourage pedophilia, racism, nazism or gay bashing you are not free to spread anti-semitism.. you can hold your own personal beliefs but you cannot peddle them here mainly because if this shit gets out we will loose 95% of our supporters

If and I mean if we go lurking after the sun goes down we need a minimum of 2 rows, if not 3. That way the firstrow can retreat backwards id needed the secondcrow advance and alternate and so on. Unified fronts are hard to collapse. Mayb the front front line takes the cucks passes them to the back while everyone does their jobs

CNN Pentagon Journalist, Barbara Starr on twitter:
— "Acting Sec Def Miller approves DC request to deploy a limited number of DC National Guard forces to support police and fire services during Jan 5 and 6 expected protests in nation's capitol.

Unarmed deployment will include:

- *180 guardsmen @ 30 traffic control points in 2 12-hour shifts.
- * 48 guardsmen assigned to Metro stations, also in shifts.
- * 40 personnel standby if civilian law enforcement be pulled away they will fill in.

Guardsmen name tapes as always will say "US Army" but this is completely to support DC govt at its request, no arms, no riot control agent expected according to defense official"
